

PHOENIIX

Documentation of Awesome Widget for Siteorigin

Installation

1. Install Word Press from http://codex.wordpress.org/Installing_WordPress.
2. **Upload via FTP:** - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (wp-content → plugins).
3. **Upload via Word press Admin:** - Go to your WordPress admin panel, and then to Plugins. Click on "Add New" and then upload the zip file of the plugin using the "Upload Plugin" button you can find on top of the screen.
4. For the plugin to work as it should, WooCommerce plugin has to be installed and enabled.

Activation

Once you have uploaded the plugin, activate your plugin in Plugins -> sInstalled plugins. If it has been activated correctly, plugin control panel is available in the tab **Awesome Widgets** in WordPress dashboard.
